

Will you pledge to raise \$500?  
 Why this amount you may ask?  
 Because **over 500** persons in Kern County have died from AIDS  
 Because there are over 3,500 people in Kern County diagnosed  
 with HIV. If 3,500 people donated just \$1 this could bring in  
 \$3,500 for crucial services needed. Doesn't sound like much but the reality is...
